SUMMARY

Aspiring Full Stack and AI/ML Engineer seeking an internship to leverage hands-on experience in web development, backend systems, databases, and analytics-driven dashboards, while gaining exposure to production-grade systems and collaborative engineering practices.

EXPERIENCE

Teaching Assistant

JKLU   January 2026 – January 2026, Jaipur Rajasthan

· Assisted students in C programming labs with coding concepts, debugging, and problem-solving.
· Guided students in writing and improving C programs through hands-on support.
· Evaluated student lab performance and provided constructive feedback.
· Supported faculty in ensuring smooth lab sessions and tracking student progress.

Hackathon Participant

LNMIIT   January 2026 – January 2026, Jaipur Rajasthan

· Participated in LNMIIT Hackathon, building a Web3-based web application under tight time constraints.
· Collaborated with a team to implement decentralized features and wallet/smart contract integration.
· Gained hands-on experience in rapid prototyping, teamwork, and problem-solving in a competitive environment.

Core Member

JKLU   September 2025 – September 2025, Jaipur Rajasthan

· Core organizer of Tug of War event, managing team formation, fixtures, and match operations.
· Conducted matches ensuring fair play and smooth event execution.
· Developed leadership, coordination, and event management skills under real-time constraints.

PROJECT

CAREPLUS SELF MADE PROJECT

careplus-woad.vercel.app/ · January 2026 – January 2026

· Designed and developed a full-stack clinic management system enabling online doctor appointments, real-time queue management, and virtual consultations.
· Focused on scalability, usability, and data-driven insights for modern healthcare operations.

KIRANA DATABASE MANAGEMENT PROJECT

github.com/NamNam9252/Kirana · July 2025 – December 2025

· Built an end-to-end inventory and transaction management system for local shopkeepers.
· Enabled billing, employee tracking, damage logging, and customer-supplier payments.
· Delivered a real-time dashboard with auto-generated Excel reports for business insights.

EDUCATION

B.Tech CSE(AI)

JK Lakshmipat University, Jaipur · 2028

· 4th sem
· SPGA(latest):9.42
· CGPA (latest):8.82.

SKILLS

Frameworks & Technologies: Next.js, React, Express.js, Node.js, Flutter

Databases & Storage: MongoDB, SQL, Pinecone (Vector DB) | **ORM:** Prisma

AI/ML & GenAI(Still Learning): TensorFlow, PyTorch, Scikit-learn, Pandas, NumPy, LLM Applications, RAG, Prompt Engineering

Web3(Still Learning): Rust, Solana, Monad, Smart Contract Development
